PROJECTS

Image_Steganography

Project Link: https://github.com/vipulbhole26/Image_Steganography.git

To develop a secure image steganography application that hides a secret message within an image file, ensuring the hidden information is only accessible to authorized users. This project aims to leverage JAVA capabilities (as java is a secure language) to embed, extract, and encrypt messages within images using steganographic techniques.

ASSESSMENTS / CERTIFICATIONS

Jr.Penetration Tester

Cybrary Certified Penetration Testing

Ethical Hacking: Post-Exploitation
